M'KINLEY IS ELECTED

The Returns From Yesterday's Presidential Election.

PACIFIC COAST NEWS DELAYED.

Many of the States Are Still in Doubt, and Conclusions Are Only Estimated.

THE REPORTS ARE ONLY MEAGER.

The Republicans Claim Twenty-Five States and 284 Votes and Concede Fourteen States and 106 Votes to Bryan, With Six Doubtful States With 57 Votes—The Next House of Congress Will Be Largely Republican—How Major McKinley Received the News of His Election. Latest Returns From All the States.

CHICAGO, Nov. 4.—The returns received by the Associated Press indicate the probable election of McKinley and Hobart, although returns are so meager from a number of doubtful states that this conclusion can only be reached by an estimate based upon the gains and losses.

The best estimates attainable indicate that Maine and Vermont have given majorities somewhat reduced from the September elections; that New Hampshire gives about 20,000; Massachusetts about 120,000, and Rhode Island Connecticut proportionate majorities, all for McKinley; New York is estimated at above 250,000 and Pennsylvania is likely to reach the same figure, if not a greater.

Maryland has been carried for the Republican candidate for president by a majority exceeding 20,000 and Delaware is confidently claimed but apparently in dispute, although the plurality is not likely to exceed 1,000. The returns from West Virginia are not sufficient to justify the claim of either party.

Ohio has given a very large Republican plurality and Kentucky is apparently assured to the McKinley column, although later returns may not justify this claim. Tennessee seems to have been carried by Bryan, notwithstanding the confident assertions to the contrary of the Republican managers and the same is probably true of North Carolina.

Indiana and Michigan, as well as Minnesota, indicate heavy Republican gains and a strong possibility that they have gone for McKinley. Illinois will give McKinley over 100,000 plurality. Nebraska and North and South Dakota are very close and still in doubt. Wyoming seems to have gone for McKinley.

The returns from the Pacific coast states are too meager to justify any claim respecting them. The states of Virginia, South Carolina, Florida, Georgia, Alabama, Louisiana, Arkansas, Missouri, Colorado, Nevada, Montana and Idaho may safely be placed in the Bryan column.

The returns from Kansas and Texas are scattering and indicate nothing, although heavy Republican gains are reported from Dallas and Galveston.

In response to telegrams requesting the best and most reliable conservative estimates of the majority or plurality in the different states, Associated Press correspondents at the different state capitols sent the following: McKinley, Maine, 46,000; New Hampshire, 35,000; Vermont, 38,000; Massachusetts, 120,000; Rhode Island, 20,000; Connecticut, 40,000; New York, 275,000; New Jersey, 42,000; Pennsylvania, 280,000; Delaware, 1,000; Wyoming, doubtful.

The following states are conceded at Republican headquarters to Bryan: Alabama, Arkansas, Colorado, Florida, Georgia, Idaho, Louisiana, Mississippi, Missouri, Montana, Nevada.

The following states are claimed by the Republicans, although the returns are too meager to justify the assertion that they are sure for McKinley: California and South Dakota.

The following states are admitted to be doubtful: Washington, Kansas, Nebraska, Tennessee, Texas, Virginia.

Vice Chairman Payne summarized the situation as follows:

Sure for McKinley, 23 states—271 votes.

Claimed for McKinley, 2 states—13 votes.

Conceded to Bryan, 14 states—106 votes.

Doubtful, 6 states—57 votes.

OHIO.

McKinley's Majority May Reach One Hundred Thousand.

COLUMBUS, O., Nov. 4.—From the earliest returns it was thought that Major McKinley would have a plurality of 100,000, but later returns reduce McKinley's plurality to 90,000 and complete returns from the rural districts may reduce it to 80,000.

The returns indicate the election of 17 Republicans and two Democrats to congress and two districts in doubt. In the Fifth district David Meekson, Democrat, and F. B. Dewitt, Republican, both claim their election. In the Thirteenth district, James A. Norton, Democrat, and S. R. Harris, both claim their election.

The Democrats elected are J. P. Maclean of Greenville in the Fourth district and James McDowell of Millersburg in the Seventeenth district.

McClure, the Republican candidate in the Seventeenth district, was a pronounced free silver man, and failed of re-election.

The Republicans elect the following: First district—W. B. Shattuc, Cincinnati.

Second—J. H. Bromwell, Cincinnati.

Third—R. M. Nevin, Dayton.

Sixth—Seth W. Brown, Lebanon.

Seventeenth—W. L. Weaver, Springfield.

Eighth—Archibald Lybrand, Delaware.

Ninth—J. H. Southard, Toledo.

Tenth—L. J. Fenton, West Union.

Eleventh—C. H. Grosvenor, Athens.

Twelfth—D. K. Watson, Columbus.

Fourteenth—W. S. Kerr, Mansfield.

Fifteenth—H. C. VanVoorhis, Zanesville.

Sixteenth—Lorenzo Danford, St. Clairsville.

Eighteenth—R. W. Taylor, Lisbon.

Nineteenth—S. A. Northway, Ashtabula.

Twentieth—C. E. Beach, Cleveland.

Twenty-first—T. E. Burton, Cleveland.

When the present Ohio delegation in congress of 19 Republicans and two Democrats was elected the state gave a Republican plurality of 137,000.

Chairman McConville of the Democratic state executive committee stated that he thought later returns would show Democratic gains in Ohio to offset the heavy Republican gains in Hamilton, Franklin and other counties. He said that it looked as if the Republicans had carried the state, but was unwilling to give figures until fuller returns had been received.

INDIANA.

Republicans Carry the State by an Estimated Majority of 35,000.

INDIANAPOLIS, Nov. 4.—Returns indicate that McKinley has carried Indiana by a plurality of 35,000. The Republicans have carried both branches of the legislature, insuring the election of a Republican United States senator. They have also elected 12 of the 13 members of congress.

Chairman Gowdy of the Republican State committee sent the following telegram to Mark Hanna: "Indiana will give McKinley a plurality of 30,000. Eleven Republican congressmen will be elected, two in doubt. We will carry both branches of the legislature by a safe majority."

Chairman Martin of the Democratic committee said: "On account of the fact that returns have been received only from cities, where Democratic losses were anticipated, no estimate of any reliability can be made. Later returns from country districts will show large Democratic gains and I still believe they will more than equal the losses in the centers of population. But few returns have been received by any one and these are not sufficient to base any accurate estimate upon."

KENTUCKY.

McKinley Will Have About 10,000 or 12,000 Majority.

LOUISVILLE, Nov. 4.—Chairman Sam Roberts of the Republican Campaign committee at midnight gave out the following:

"Kentucky has gone for McKinley by a larger majority than it gave to Bradley last year. Early returns indicated 25,000 or 20,000 majority, but surprisingly heavy Democratic gains in the Populist free silver strongholds of Western Kentucky may reduce this to 10,000 or 12,000.

"The Republicans have elected congressmen in six districts and several are in doubt. Those elected are Hunter, in the Third; Evans, in the Fifth; Davison, in the Eighth; Pugh, in the Ninth; Langley, in the Tenth, and Colson in the Eleventh."

ILLINOIS.

Over a Hundred Thousand For McKinley and Tanner.

CHICAGO, Nov. 4.—At 2:30 o'clock the

Republican officials at state headquarters closed their doors for the night satisfied that Illinois had gone between 100,000 and 150,000 for McKinley and about the same for Tanner.

The returns on congressmen were coming in slowly and but one district had sent in its complete vote, and this was the Fifteenth, in which Warner, Republican, was elected. Partial returns from other districts indicated that nearly every one would elect the Republican candidate.

CHICAGO.

CHICAGO, Nov. 4.—Chicago complete, except two precincts, gives McKinley 199,423; Bryan, 142,436; a majority of 56,987 for the former.

NEW YORK.

McKinley Has Probably Carried the State 200,000 Majority.

NEW YORK, Nov. 4.—Based upon returns from one-fourth of the election districts above the Harlem, together with the nearly complete returns from New York city and Brooklyn, the plurality of McKinley over Bryan in the state of New York is estimated at 195,000.

Returns from this city indicate about 20,000 majority for McKinley and that McKinley has carried the state by 200,000. The legislature is Republican by a large majority and insures the election of a Republican United States senator.

NEW JERSEY.

TRENTON, N. J., Nov. 4.—The latest returns from the several counties of New Jersey with proportionate estimate for the unreported precincts indicate that McKinley will carry the state by from 45,000 to 50,000.

The Republican elect six of the eight congressmen with the indications that Pitney, Republican also has carried the Fourth district by 1,200. Young, Democrat, has probably carried the Seventh district by 2,500.

The Republicans have elected six of the eight state senators and probably 45 of the 60 assemblymen and will have a large majority in both houses of the state legislature.

In other respects owing to the division of the Republican party into two factions the Democrats have been successful. They have elected Tunnell governor and Handy to congress by about 5,000 plurality each. They have also elected a majority of the legislature.

MARYLAND.

BALTIMORE, Nov. 4.—The Democrats of Maryland, under the leadership of Senator Gorman, have again tasted the bitterness of a defeat so crushing as to be almost disheartening. The almost phenomenal majority of 20,000 for Lowndes a year ago has been duplicated and perhaps exceeded, as with full returns from two-thirds of the state and half of the city the indications are that McKinley leads Bryan by 30,000; 20,000 of which has been contributed by Baltimore city, heretofore a Gibraltar of Democracy.

Five Republican congressmen have surely been elected, the only doubtful district at this writing being the first, in which Joshua W. Miles (Dem.) may be re-elected.

MAINE.

PORTLAND, Me., Nov. 4.—The election in Maine proved one of the quietest in the state's history, generally the returns showed a falling off of the Democratic vote and a slight increase in the Republican vote which accounts in a great measure for a heavy Republican plurality estimated at 40,000. The vote cast for Palmer and Buckner was not as heavy as anticipated.

CONNECTICUT.

NEW HAVEN, Nov. 4.—Returns received up to this hour warrant the belief that Connecticut has gone Republican by at least 40,000. Various Republican papers are unanimous in claiming the state for McKinley by 50,000. Enormous Republican gains are reported in almost every section of the state. The Republican state ticket is elected by majorities ranging from 30,000 to 40,000. The four Republican congressmen are elected by largely increased majorities and the state legislature will be overwhelming Republican.

VIRGINIA.

RICHMOND, Nov. 4.—The returns indicate that the Democrats have carried Virginia by 20,000. They gained in the black counties but lost in the cities and some white counties. Democratic congressmen are elected as follows: Jones, First district; Lamb, Third; Swanson, Fifth; Otey, Sixth; Hay, Seventh, and Rixey, Eighth.

The Second, Fourth, Ninth and Tenth are in doubt, with chances favoring the Democrats in the two first named, and the Republicans in the two last named.

WEST VIRGINIA.

WHEELING, Nov. 4.—Figures on which to base a correct estimate of the result in West Virginia are not available. Not more than five counties have been heard from and they are only estimated. They give a Republican gain over 1892 of 2,500. It is believed that McKinley has carried the state by from 13,000 to 15,000 and the Republican state ticket and four Republican congressmen are elected.

NORTH CAROLINA.

RALEIGH, N. C., Nov. 4.—The election passed off very quietly. Bryan, so far as heard from, was supported by both the Democrats and Populists, and has

carried the electoral vote of the state by majorities variously estimated at between 10,000 and 20,000. Holton, Republican chairman, however, claims the state for McKinley between 8,000 and 10,000.

DELAWARE.

WILMINGTON, Del., Nov. 4.—On account of the length of the ticket and much scratching the count of the vote in Delaware is very slow. Enough is known, however, to indicate surely that McKinley has carried the state by about 1,000 majority.

FLORIDA.

JACKSONVILLE, Fla., Nov. 4.—Bryan and Sewall carry Florida by a majority over McKinley closely estimated at 13,000 to 14,500, against a majority of 18,900 for Bloxham (Dem.), for governor, over Ganly (Rep.) in the state election, Oct. 6. Starkman (Dem.), in the First district, and Davis (Dem.), in the Second, are elected to congress by large majorities.

RHODE ISLAND.

PROVIDENCE, Nov. 4.—The state has given McKinley an overwhelming majority. The Democrats themselves admit McKinley has a plurality of 15,000 while the Republicans claim 25,000, the highest plurality ever given in Rhode Island, as the vote is the largest ever cast. The vote for the gold candidates is very small.

MONTANA.

BUTTE, Mont., Nov. 4.—Bryan's majority in the state may reach 15,000. The entire Democratic-Populist fusion state ticket is elected with the possible exception of associate justice of the supreme court, treasurer and secretary of state.

TEXAS.

SAN ANTONIO, Tex., Nov. 4.—Bryan's majority in Texas will be 75,000. Democratic state ticket will run 50,000 behind Bryan.

NEBRASKA.

OMAHA, Nov. 4.—Returns from Nebraska precincts are still very meager, but indicate that McKinley has carried Nebraska. Eighty-seven precincts in Nebraska, outside of Omaha, give McKinley 10,476; Bryan, 9,080. In 1892, Republicans, 9,714; Democrats, 7,665. Not only does the count seem to be retarded by slow counting, but the total vote polled is much heavier than two years ago, when 210,000 votes were cast in the gubernatorial election. Nearly every precinct heard from shows gains for both McKinley and Bryan over the vote in 1894.

MISSOURI.

ST. LOUIS, Nov. 4.—The official returns for Missouri and St. Louis are so meager that it is impossible at this hour to give anything like an estimate as to the results. Seventy-five precincts in Missouri outside of St. Louis out of a total of 2,040 give Bryan 13,312, McKinley, 8,543. Fifty-seven precincts give Stevens, for governor, 10,551 and Lewis 7,259.

It was announced at the Democratic state headquarters here that from reports received from the various county committees the Democrats had elected every congressman in the state outside of St. Louis. State Chairman Cook would give no details but said he knew the state had gone Democratic by a big majority.

VERMONT.

MONTPELIER, Vt., Nov. 4.—Returns from the state, although meager, indicate that the Republican majority will be very near that of the special election, and it may exceed those figures by a few hundred votes. If the percentage is sustained the state will give McKinley 40,177 plurality.

UTAH.

SALT LAKE CITY, Nov. 4.—Indications are that Bryan has carried the state by at least 10,000 majority.

IDaho.

SALT LAKE CITY, Nov. 4.—A dispatch from Boise, Ida., says returns are coming in very slowly and not enough at hand to give any indication of the result in the city or state.

CALIFORNIA.

SAN FRANCISCO, Nov. 4.—Chairman Alford of the Democratic state committee makes the following statement: "I see no reason from the few returns received so far in California to alter my former prediction that Bryan will carry the state by 25,000."

At the Republican headquarters Chairman McLaughlin gave out the following: "I am not willing to make any definite estimate as to figures as the returns are too meager. I am confident, however, that McKinley will carry the state."

WISCONSIN.

MILWAUKEE, Nov. 4.—National Committee E. C. Wall and State Central Chairman George W. Peck of the Democratic party conceded at midnight that Wisconsin would go Republican by between 50,000 and 75,000.

OREGON.

PORTLAND, Or., Nov. 4.—Twenty precincts in the city of Portland and 53 precincts outside of the city give McKinley 10,800, Bryan, 7,081. If this ratio is maintained McKinley will have at least 8,000 majority in the state.

KANSAS.

TOPEKA, Kan., Nov. 4.—Kansas is in doubt. There are no returns whatever from the state and it is impossible to make a prediction of any character con-

cerning the result. The officials at the various state headquarters positively refuse to give estimates.

COLORADO.

DENVER, Colo., Nov. 4.—The result on the election of state officers is still in doubt. Bryan plurality will reach 110,000 in the state and congressmen Shafreth, silver representative, and Bell, Populist, are re-elected, by 50,000 to 60,000 each. Returns from half the precincts in the city indicate that Bailey, Populist-Silver candidate for governor, will have a small plurality in the city, but advices from the state show that in many places Adams, the Democratic-Silver-Republican candidate, has run far ahead. No definite figure can be given on the legislature, but the re-election of Senator Teller is assured in any event, all parties except the McKinley Republicans having endorsed him.

TENNESSEE.

NASHVILLE, Nov. 4.—From all reports received is that this state is Democratic. Bryan will receive not less than 25,000 majority. Taylor for governor is sure. The legislature is Democratic, and eight of the ten congressmen are Democratic.

MICHIGAN.

DETROIT, Nov. 4.—It is generally conceded that Michigan has gone Republican by from 25,000 to 50,000 plurality. The latter is the figure given out by Chairman Ferry of the Republican state committee. Chairman Baker of the fusion committee declined to make any statement for publication. Secretary Alward of the Republican committee claims the election of all 12 congressmen, but the Democrats still hope to save some of their candidates.

LOUISIANA.

NEW ORLEANS, Nov. 4.—Returns so far received make it absolutely certain that Bryan has carried the state by probably 20,000 plurality and that the Democrats have elected congressmen as follows: First district, General Adolph Meyers; Second, Judge R. C. Davey; Third, R. E. Broussard; Fourth, Henry W. Odgen; Fifth, S. E. Baird; Sixth, Samuel Robertson.

MASSACHUSETTS.

BOSTON, Nov. 4.—McKinley's majority in Massachusetts is 124,000. The Republican candidates for president and governor carried every city and town for the first time in the state. Congressional delegation is unchanged.

Twelve Republicans and one Democrat, the latter the only one in New England. Gold vote was about 3 per cent. Little difference in the vote between Bryan and Williams. The vote on the biennial amendments is very close. The legislature more strongly Republican than ever.

NEW HAMPSHIRE.

CONCORD, N. H., Nov. 4.—New Hampshire returns came in very slowly on account of the number of names on the ticket, but each precinct reported, showed a gain for McKinley and indicated McKinley's plurality to be 20,000. The Palmer and Buckner ballot was very light and out of a total poll of 90,000 is not expected to exceed 5,000.

Ramsdell, for governor, ran behind the McKinley electors, but he will have the largest plurality ever given a Republican governor in New Hampshire. The legislature will be overwhelmingly Republican in both branches, and the five council districts and probably all the senatorial districts but one are Republican.

WASHINGTON.

SEATTLE, Wash., Nov. 4.—The returns are coming in so slowly that it is impossible to make any estimate of the state. The vote in Washington is very close.

AS REPORTED TO WASHINGTON.

McKinley Has 284 Electoral Votes and Bryan 69 With 92 in Doubt.

WASHINGTON, Nov. 4.—Sufficient returns have been received at the Republican congressional headquarters to show that McKinley has received 284 electoral votes and Bryan 69 votes while 94 are in doubt, some through a question as to what the returns indicated and others from lack of definite returns.

The states voting for McKinley are: Connecticut, 6; Delaware, 3; Illinois, 24; Indiana, 15; Iowa, 13; Kentucky, 13; Maine, 6; Maryland, 8; Massachusetts, 15; Michigan, 14; Minnesota, 9; Nebraska, 8; New Hampshire, 4; New Jersey, 10; New York, 36; North Dakota, 3; Ohio, 23; Pennsylvania, 32; Rhode Island, 4; South Dakota, 4; Tennessee, 12; Vermont, 4; West Virginia, 6, and Wisconsin 12.

For Bryan—Alabama, 11; Arkansas, 8; Colorado, 4; Florida, 4; Georgia, 13; Idaho, 3; Louisiana, 8; Mississippi, 9, and South Carolina, 9.

In doubt, or returns very few and indefinite, California, 9; Kansas, 10; Missouri, 17; Montana, 3; Nevada, 3; North Carolina, 11; Oregon, 4; Texas, 15; Utah, 3; Virginia, 12; Washington, 4, and Wyoming, 3.

Next House of Congress.

NEW YORK, Nov. 4.—The returns from the various states indicate the election of 209 Republican congressmen and 85 Democrats. No returns have been received from Alabama, California, Delaware, Kansas, Missouri or Washington. The present complexion of the house is 244 Republicans, 105 Democrats, 6 Populists and 1 Silver party.

OWENSBORO, Ky., Nov. 4.—John Bolton was thrown from his cart by a runaway horse. His skull was fractured. He will die.

WEDNESDAY, NOVEMBER 4, 1896.

"Just tell 'em that you saw us."

We had 'em badly scared, anyhow.

THE news from Chicago is not quite "so glorious" to-day.

WELL, you can all get ready now. Business will boom.

It looks like "coercion" was practiced on a wholesale scale.

COL. BRECKINRIDGE will not go back to Washington this time.

MASON County cast an unprecedentedly large vote,—over 5,300.

WE presume that gold will now come out of "its hiding place."

CAPITAL oughtn't be anyways timid in the face of such returns.

THE Sound Money Democrats were most all Republicans Tuesday.

WHAT Mark Hanna and Wall street did us Democrats was a plenty.

WELL, we ought to have all the "confidence" now that any people could ask for.

ALL the mills and factories will no doubt soon be running on double time, now.

THE earth and the fullness thereof seems to belong to the Republicans to-day.

WITH the combined wealth of the world against a nominee, how could you expect him to win?

THE crowds around the polls were in good humor, and the election was one of the quietest ever held.

JUST imagine. What would they have done to us if the eloquent and brainy Bryan hadn't been our leader?

EVERY vote was cast in precinct No. 3 except one, and that voter was so ill he could not be taken to the polls.

THE returns show very plainly that the so-called "sound money" Democrats most all crawled under the log cabin.

WHAT has become of that "nucleus" the "sound money" Democrats fixed up, around which to rally the party? It seems to be "out of sight."

COME on now with that million or two millions of money eastern capitalists intended investing in Kentucky "if McKinley should be elected."

THE political atmosphere ought to be unusually bright and clear for some time now, after such a storm as we have just passed through. "So mote it be."

THE Germantown items published Monday were not written by the BULLETIN's regular correspondent at that place, and we make this statement in justice to him, and to set him right before the people of that section.

Just Three Things.

"I once met a thorough scholar," said Bishop Whipple, "who told me that for years he had read every book he could that sailed the religion of Jesus Christ, and he said he should have become an infidel but for three things: 'First, I am a man. I am going somewhere. Tonight I am a day nearer the grave than I was last night. I have read all such books can tell me. They shed not one solitary ray of hope or light upon the darkness. They shall not take away the only guide and leave me stone blind. Second, I had a mother. I saw her go down into the dark valley where I am going, and she leaned upon an unknown arm as calmly as a child goes to sleep on the breast of its mother. I know that was not a dream. Third, I have three motherless daughters (and he said this with tears in his eyes). They have no protector but myself. I would rather kill them than leave them in this sinful world if you blot out from it all the teaching of the Gospel.'"

WINGED SEEDS.

The Wind Plays An Important Part in the Spreading of Plants.

The usual way for seeds to be carried is by the wind. Sometimes they are so small and light as to be easily wafted by the breezes. This is the case with the seed of the moccasin-flowers and meadow-pinks, and the other beautiful plants of our woods and bogs called orchids. And the tiny bodies, like atoms of dust, termed "spores," that answer to seed in ferns and mosses and toadstools, are borne away by the lightest breath of air. But most seeds are themselves too heavy for this. So they are oftentimes provided with thin, broad wings that carry them before the wind as a sail carries a boat. The pairs of "keys" that hang in clusters from the maple-trees in spring are such winged fruits. When ripe they float slowly to the ground, or if a big wind is blowing, they are carried farther from the tree. The ash has thick bunches of winged fruits much like these, but single. The elm has a thin, papery border all around its small seeds, which makes them quite conspicuous as they hang on the branchlets before the leaves have come out.

Numbers of plants have about the seeds delicate hairs or bristles that take the place of wings. A dandelion "clock," or a head of thistle-down, is a bunch of seeds, each with a circle of fine bristles on the summit. When the seeds are ripe, along comes a breeze, and puff! away goes the seeds, hanging from their tufts of bristles as the basket hangs from a balloon. The bunches of long silky hairs that come from a bursting pod of milkweed and fill the air around, have each their precious cargo in the shape of a small, brown seed. The seeds that ripen in heads on the clematis after the handsome purple flower leaves have fallen, have long feathered tails like slender bird plumes that do the same work that is given to the silk of milkweed. The "cotton" around the seeds of the willows at the riverside and of the poplars along city streets serves the same useful purpose. Cotton itself is only a bunch of fine white hair around the neck. Ages before men thought of spinning it and weaving it into cloth, it was making itself useful to the cotton plant by helping to scatter its seeds—"How Plants Spread," by Thomas H. Kearney, Jr., in November St. Nicholas.

MACHINE

That Promises to Greatly Simplify the Art of Printing.

The latest and most wonderful invention is the electric typograph. The electric typograph system will enable a newspaper editor to sit in his editorial rooms in St. Louis, New York, Chicago or any other place in the country, there write out an article on a typewriter like instrument, which is electrically connected with a telegraph wire system, and thereby automatically reproduce his article in a typewritten copy as well as in type for printing in each and every newspaper office in the country, having installed the necessary instruments, which comprise the electric typograph system. One man may do the work of 20, 50 or 100, and do it better, quicker, and, of course, cheaper. The editor or reporter in writing his article will not only set it in type for his own paper, at the same time he writes it, but he will—through and by the electric typograph system—automatically write it and set it in type at numerous places, and the same article may be printed in numerous papers at one and the same time without the aid of either telegraph operator or type-setter.

WASHINGTON Eire Company made a snug sum by having the election news read at the opera house last night. The net receipts amounted to \$110.

Who Owns the Earth?

The Emperor of Russia has one estate which covers over 100,000,000 of acres, and which is, in fact, more than three times as much as England; and he has another estate which is more than twice the size of Scotland. But an acre in London is better than 100,000,000 acres in the Russian steppes. The Czar's biggest estate brings him in only \$380,000 a year. Land in London has been sold in recent years for as much as \$5,000 a square yard. An acre at that price is worth \$25,000,000, and the interest on that sum, at only 2½ per cent. is \$675,000.

There is no joy in this world equal to the happiness of motherhood. A woman's health is her dearest possession. Good looks, good times, happiness, love and its continuance, depends on her health. Almost all of the sickness of women is traceable directly or indirectly to some derangement of the organs distinctly feminine. Troubles of this kind are often neglected because a very natural and proper modesty keeps women away from physicians, whose insistence upon examination and local treatment is generally as useless as it is common. Dr. Pierce's Favorite Prescription will do more for them than 99 doctors in 10. It will do more than the hundredth doctor can unless he prescribes it. It is a prescription of Dr. R. V. Pierce, who for 30 years has been chief consulting physician of the World's Dispensary and Invalids' Hotel, at Buffalo, N. Y.

TO PREVENT BILIOUSNESS.

Americans Should Eat More Green Vegetables and Salads.

[Exchange.] Authorities on diet believe that it would be well for most of us who are in health to eat more green vegetables with our meat and starchy foods than we do at present, says the New York Post. Indeed, some go so far as to believe that the absence from our means of plenty of green vegetables and salads accounts for the biliousness of the American people. The best known of such plants are lettuce, beet-tops, dandelion, kale and spinach, but Mr. Coville, botanist of the United States Department of Agriculture, finds that there are many other palatable and healthful plants that, though rarely used, might add a pleasant variety to our list of available vegetables. One of these, "winter cress," or Barbarea procerx, which is cultivated from this city southward, and is sold in large quantities in the Washington markets, is planted in the late summer or early fall, and needs very little cultivation. Another plant that belongs to the spinach and beet family, though it is a common weed in fields and gardens in nearly every part of the United States, is "lamb's quarters" or chenopodium album. It is in many places commonly known either as pigweed or goosefoot, but it is not the true pigweed. The plant has a pale-blueish green color, and if used when six or eight inches high, is tender, juicy and pleasant to the taste. The teasing-weed, the common garden "pursley," or "purslane," when boiled is also recommended as a most palatable green vegetable and can easily be had. In India, where it originated, the plant has been used for hundreds of years. In Europe it is used both as a pot herb and for salads.

PERSONAL.

—Dr. Landman will be at the Central Hotel to-morrow.

—Miss Rose Shelby, of Lexington, is visiting the Misses Pickett.

—Mr. W. W. Wikoff, agent of the C. and O., spent last evening in Cincinnati.

—Editor Wilson, of Millersburg, was down Tuesday to vote at Aberdeen.

—Dr. and Mrs. P. H. Molloy, of Lexington, have returned home from a visit to relatives near Germantown.

Feed the Nerves

Upon pure, rich blood and you need not fear nervous prostration. Nerves are weak when they are improperly and insufficiently nourished. Pure blood is their proper food, and pure blood comes by taking Hood's Sarsaparilla, which is thus the greatest and best nerve tonic. It also builds up the whole system.

Hood's Pills are the favorite family cathartic, easy to take, easy to operate.

FIRE INSURANCE.—Duley & Baldwin.

DIPHTHERIA is still very prevalent at Paris.

Mrs. W. S. DICKINSON died in Cincinnati a few days ago. She was the eldest daughter of the late Gov. Bishop, and was born in Fleming County.

LINCOLN, Nov. 4.—Mr. Bryan's immediate friends reported at midnight that he did not consider the cause as definitely lost, but that on the contrary he considered that there was still ground for hope of his success. He had expected that the first returns, being from the large cities, would be against him.

LOUISVILLE TOBACCO MARKET.

Receipts and Sales Very Light the Past Week—Prices For Better Grades Well Sustained.

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse:

Sales on our market for the week just closed amount to 1,942 hhd. with receipts for the same period 1,016 hhd. Sales on our market since January 1st amount to 144,747 hhd. Sales of the crop of 1895 on our market to this date amount to 139,391 hhd.

Receipts and sales have been very light for the past week. The offerings of burley have been very poor in quality, and a very large per cent. of them were in bad condition. Prices for these kinds have been irregular and some easier. Prices for the better grades and color styles in good condition have been more regular and well sustained.

The following quotations fairly represent our market for burley tobacco (1895) crop:

Trash (dark or damaged).....	\$ 1.00 @ 1.50
Common color trash.....	2.50 @ 4.00
Medium to good color trash.....	4.00 @ 6.00

Condensed Testimony.

Chas. B. Hood, Broker and Manufacturer's agent, Columbus, Ohio, certifies Dr. King's New Discovery has no equal as a cough remedy. J. D. Brown, Prop. St. James Hotel, Ft. Wayne, Ind. testifies that he was cured of a cough of two years standing, caused by la grippe, by Dr. King's New Discovery. B. F. Merrill, Baldwinville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. Hemming, 222 E. 25th St., Chicago, always keeps it at hand and has no fear of croup, because it instantly relieves. Free trials bottles at J. J. Wood's drug store.

Even the Ninth District Caught In the Avalanche,

And the Gallant Thomas Goes Down With the Rest.

It's the Enemy's Turn to Jollify, and Here's to 'Em.

We Gave 'Em the Best We Had, and We'll Pick Our Flints and Try Again.

LATEST NEWS FROM THE 'SLIDE.

Well, it's all over now. What the Republicans did to us Democrats Tuesday was more than a plenty. It was a landslide from which very few sections of the country escaped.

There's hardly a word of comfort and encouragement in the returns for Democrats, except that they succeeded in defeating Col. Breckinridge in the Lexington district.

The country has declared by an overwhelming majority in favor of McKinley and "the present standard."

The victory is a decisive one, and it is useless at this line to discuss causes that brought it about.

Sufficient to say that the Democrats fought against overwhelming odds, and have gone down in defeat.

Our dispatches give the returns from the country at large.

IN MASON COUNTY.

In this county, one of the largest, probably the largest vote ever cast was polled. The Republicans got the best of the increase, however, and succeeded in cutting the Democratic majority to less than 200. The table below shows the complete returns:

THE NINTH DISTRICT.

Unofficial returns from all but Law-

rence and Rowan counties, in the Congressional race, show the following majorities:

FOR THOMAS.	
Mason.....	170
Bracken.....	535
Harrison.....	906
Bath.....	250
Nicholas.....	700
Fleming.....	83
Robertson.....	236
Total.....	2,867
FOR PUGH.	
Lewis.....	905
Greenup.....	465
Boyd.....	800
Carter.....	675
Total.....	2,845

The Republicans are claiming Lawrence by 400 and Rowan by 300, which would elect Pugh by 700 or 800 majority.

Thomas' majorities in Bracken County's precincts are as follows:

Augusta.....	129
Brooksville.....	143
Chatham.....	131
Berlin.....	33
Germantown.....	12
Fairview.....	16
Foster.....	46
Milford.....	25

Miss Ingles.
Cincinnati Enquirer: "The South has a representative among the woman politicians in the person of Miss Margaret Ingles, the daughter of one of the strongest Democrats of Paris. She is a free silversmith, heart and soul, and tells why she is for the platform with no little oratorical ability. She has made her last speech in the campaign, and believes she has accomplished a great deal for the cause she has advocated. She is a very strong opponent of woman suffrage, for, she says: 'If they have not their own living to make, I think home is the proper place for them.' Miss Ingles' idea is that women should accomplish results by means of their influence, and that in this way much more can really be gained than if they were granted the right of suffrage."

ACCIDENT INS. TICKETS. W. R. WARDER.

MR. J. D. MUSE, who has been under treatment at the Good Samaritan Hospital at Cincinnati for the past five weeks, returned home Tuesday afternoon.

A NEGRO named Parker grabbed a pocketbook out of the hands of Miss Edna Lytle Saturday night at Paris. Miss Lytle lives in East Paris and was on her way home. Her cries attracted her brother who is employed at the gas works. He fired at the negro, who forded Stoner, and escaped. Parker was captured later by Deputy Marshal Hill and was jailed. Parker said he gave the purse, which contained \$6.40, to his brother. Miss Lytle is a daughter of Mr. John V. Lytle, formerly of this city.

JOHN HENRY WRENN, who killed "Uncle" Billy Ross in Paris seven or eight years ago, and was recently pardoned by Governor Bradley, has been amusing himself by beating his wife. A special from Cynthia says: "The wife of John H. Wrenn left Thursday for parts unknown, taking her child with her. The supposed reason for her departure is maltreatment by her husband. Since he was pardoned by Gov. Bradley for murder he has treated her in a most brutal manner, whipping her almost daily. Saturday last he almost killed her by kicking her and knocking her down. A warrant was sworn out for him and he was arrested. He was bound over to keep the peace under \$2,000 bond, and failing to procure it sent to jail."

THE CHRISTIAN CHURCH.

The Repairs and Improvements About Completed, and It Will Be Reopened For Public Worship Next Sunday.

During the past summer the Christian Church has received a thorough overhauling and has been improved and beautified in many respects. The work will be completed this week, and the auditorium will be reopened for public worship next Sunday.

The most noticeable improvement has been made in the auditorium. An elegant steel ceiling of very handsome design has been put on, pretty windows of cathedral glass substituted for the old ones, the choir platform enlarged, and the whole of the interior finished in beautiful colors by the painters and frescoers, which, with an elegant new carpet, purchased by the ladies of the church, makes a complete change in the appearance of the room.

In addition to the above, the chapel was frescoed and painted, and the rooms over the chapel painted and repapered. The ladies have fitted up cosy parlors in these upper rooms, the entrance to the rooms having been changed so as to lead up from the chapel.

The steps were also relaid and a substantial concrete pavement put down in front of the church and also extending along Cherry street to the entrance to the chapel.

It is the desire of the pastor that every member of the church be present at the reopening of the auditorium next Sunday. All are urged to attend. The public are cordially invited.

A protracted meeting begins Thursday night in the chapel, and the services will be continued next week in the auditorium. All cordially invited to these services.

The design for the new ceiling was prepared by Maysville's young architect, Mr. Reed Chunn, and it is very highly complimented by all who have seen it. The fact that the plan was commended afterwards by the leading architect in Cincinnati is also a very flattering compliment to Mr. Chunn.

Mr. Jacob Wormald was the contractor for the alterations and improvements in the interior, except the frescoing and painting which was done under the supervision of Mr. John Carnahan. The handsome design, as well as the delicate coloring of the decorations, is greatly admired by all.

JOHN WEHL has lately purchased in the vicinity of Millersburg at an average price of 4 cents, the following lots of cattle: Mason Johnson, twelve head that averaged 1,436 pounds; James Payne, thirteen 1,575 pounds; Horace Purdy, seven 1,475 pounds; Robt. Tarr, eight 1,495 pounds; Dr. Mathers, fifty-two 1,501 pounds. The cattle were shipped by special train Monday.

AT MCKINLEY'S HOME.

How the Major Received the News of His Election.

CANTON, O., Nov. 4.—Major McKinley spent the afternoon with Chairman Hanna and his party, who, with the local committee, was photographed on the McKinley porch. At 4 o'clock Mr. Hanna and his associates left for Cleveland, Mrs. McKinley accompanying him to the train. Just as the party were leaving the house an Associated Press bulletin brought the first actual returns—those of a Boston precinct, which showed a heavy McKinley majority.

Throughout the day and evening personal telegrams came from all directions showing cheering assurances.

At 6 o'clock definite returns began to come in and preparations were made for reading them in the McKinley library, the doors being open to all who chose to come in. The major sat at his desk smoking a dry cigar, listening attentively to each bulletin but showing no outward concern as to the result. His stenographer, Mr. Cooper, read the steady stream of returns in a loud voice. They came from five sources and had many duplications of tedious figures.

A bunch of dispatches was handed to the major every half hour, some of which he handed to Private Secretary Boyle to be read aloud. One from Joe Manley, at New York, said: "Maine's majority for McKinley would reach 50,000 and this was soon followed by another Manley dispatch saying: "New York state will give you 200,000 majority."

The major himself smiling, read a telegram from Max Pracht of Oregon, saying: "Oregon is ours and the fullness thereof."

There was special interest at the McKinley home in the major's precinct, which is nominally Democratic, and a telephone message that he had carried it by 205 to 157 was received with much satisfaction.

At 7 o'clock Major McKinley retired for his supper, while the reading of returns proceeded. Up to that time he had made no comments on the returns further than to say that the bulk of them came from the east thus far. When the favorable returns from Maine and Nebraska were read he sat impassive and apparently oblivious to the exclamations of approval from the friends crowded about him.

In the parlor across the hall Mrs. McKinley and her near relatives and friends received the returns. It was a trying ordeal for her as she had been in bed with the grip up to early in the evening, but was determined to be about.

By 8 o'clock the character of the private dispatches and general returns reaching the McKinley house were such that a feeling of absolute confidence took possession of those centered in the major's library.

The officials at the Chicago headquarters sent frequent private messages to Major McKinley, each one swelling the total of states claimed as certain for the Republican candidate. First came a dispatch from William Hahn, long and intimately known by Mr. McKinley, stating that Illinois, Iowa, Kentucky, Tennessee, Minnesota and Michigan were safe for McKinley. This was soon followed by a more detailed statement on the states from Secretary Payne.

The detailed returns which were read as they came, appeared to be about the claims from headquarters and the spirit of victory achieved was on every lip.

Governor McKinley had joined his wife and aged mother in the parlor across the hall which was closed up to the general public. At 9 o'clock the major's nephew, Mr. Sexton, emerged from the parlor and handed Mr. Cooper a private dispatch just received to be read. It was from Garrett A. Hobart, vice presidential candidate, who at this early hour felt that the victory was won and telegraphed his congratulations. The message read as follows:

Congratulations with all my heart on the glorious achievement under your magnificent leadership. The manhood of the republic has asserted itself and the nation's honor and integrity will never again be assailed by the same forces. Mrs. Hobart joins me in congratulations.

GARRET A. HOBART.

There was a round of applause from the group within the library as Mr. Hobart's words were read. Soon thereafter Major McKinley came from the parlor and joined the crowd in the outer room. His face now wore unmistakable looks of satisfaction and he smiled and chatted with those about him on the favorable character of the reports. He was not yet ready, however, to express his own judgment on the result, although it was evident he shared a general feeling of confidence.

TERRIBLE LOSS OF LIFE.

A Spanish Town of 12,000 Population Destroyed by a Tidal Wave.

LONDON, Nov. 4.—A dispatch from Madrid to the Central News says that the town of Huelva, in the province of that name, has been swept by a tidal wave from the Atlantic ocean. No details are given, but the report says it is known that the loss of life has been terrible. The steamer Cartagena was overwhelmed by the great wave, and most of the persons on board of her were drowned.

Huelva is a maritime town of Spain, capital of the province of Huelva, on an inlet of the Atlantic, 49 miles west-northwest of Seville. It is the terminus of two railways, and has an export trade by sea. The population of the town is about 12,000.

IMPALED ON A PICKET.

A Woman's Awful Tumble From an Apple Tree to a Fence.

FAIRMOUNT, N. J., Nov. 4.—While Mrs. Holly Emmons was picking apples alone in her husband's orchard she lost her hold and fell upon a picket fence. One of the pickets entered one side of her abdomen and passed through the other, the picket then breaking off.

There was no one near enough to Mrs. Emmons to hear her cries for help, but she managed to crawl to the residence of Abram Rarick, near by. When she reached Rarick's place she was exhausted from the loss of blood, and was carried into the house. Mrs. Emmons is in a critical condition, but there are hopes of her recovery.

Drunken Negro With a Pistol.

MIDDLETOWN, N. Y., Nov. 4.—A crowd of young men were cheering for Bryan yesterday afternoon in this city when John Jackson, colored, who was drunk, pulled a pistol and shot at them three times. They chased him into a house. He fired from the house and shot Thomas Wood, white, in the forehead, seriously injuring him. Court Police Gould chased Jackson, who shot at the officer also. The latter returned the fire, but neither was struck. Jackson was arrested.

COLUMBUS, O., Nov. 4.—The main building of the United States Carriage company on Fourth street was gutted by fire yesterday afternoon. Loss about \$30,000, covered by insurance.

CAST HIS LOT WITH BLACKS.

A White Man Who Was Brought Up Among Slaves.

Take the case of Rev. W. J. White, the editor of a Baptist weekly published at Augusta, Ga. White is a man of intelligence and integrity, and his account of his early life has never been disputed.

Briefly this is the story: A few years before the war a dark faced boy made his appearance on a large Georgia plantation. He was supposed to be a mulatto, and when the planter died the youngster was sold with the estate.

After the war this alleged mulatto picked up an education and investigated his ancestry. He was not much surprised to learn that he did not have a particle of negro blood in his veins. His mother was an Indian and his father was a white man.

White was not long in deciding to cast his lot with the blacks. He had always been classed with them. It seemed to be the will of the Almighty that he should share the burdens of the negro race, and he made up his mind to stick to his old companions.

He prospered and became a leader among the people. He has the respect and confidence of both races, but he has never attempted to rise above what he believes to be his divinely ordained sphere. It is easy to see at a glance that this man is not a mulatto or a quadroon, for his mixed Indian and Caucasian blood cannot be mistaken; but he has no desire to cut loose from the ex-slaves with whom he has spent the best years of his life.

Many of the white ministers of his denomination know the peculiar facts of his case, and they treat him with great consideration. Uncomplainingly he leads his life of self sacrifice, and his only object seems to be the advancement of his adopted race. He married a mulatto and submits to all the laws and social distinctions which separate the two races in the south.

Few men similarly situated would have followed White's example. As a rule, people of Indian and white parentage claim to be the social equals of the whites, and if they have a Pocahontas strain in their blood they are proud of it.—Chicago Times-Herald.

Volunteer Fireman Killed.

WILMINGTON, Del., Nov. 4.—Oliver Courtney, son of the late Henry Courtney, millionaire member of the manufacturing firm of Sweet and Courtney, was killed last night while driving the engine of the Phoenix volunteer firemen to a fire on the edge of the town. The horses ran into a deep ditch near the roadside and the engine falling in pinned Courtney under it. He was 33 years old.

Battle on the Philippine Islands.

MADRID, Nov. 4.—A dispatch to the Imparcial from Manila, capital of the Philippine Islands, says that a Spanish column has defeated the insurgents near Las Tinas. The latter left 90 killed on the field.

Eleven Times Too Often.

CINCINNATI, O., Nov. 4.—W. A. Patterson and Arthur Hammer of Cincinnati were arrested in this city for selling exclusive county agencies of books to 12 different people. They were sent to jail.

An Old Conductor Dead.

SEYMOUR, Ind., Nov. 4.—J. H. McGinnis, aged 52, died at 11 o'clock last night. He had been a conductor on what is now the Baltimore and Ohio Southwestern railway for 20 years.

Dew in the British Isles.

It is estimated that the total annual deposit of dew on the British Isles amounts to something like five inches, or about one-seventh of the total amount received from the atmosphere. This means 22,161,337,355 tons of dew a year.

Woman's Diseases

Are as peculiar as unavoidable, and cannot be discussed or treated as we do those to which the entire human family is subject. Menstruation sustains such important relations to her health, that when suppressed, irregular or painful, she soon becomes languid, nervous and irritable, the bloom leaves her cheek and very grave complications arise unless regularity and vigor is restored to these organs.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
